Foreword

The theme that we have chosen for our yearbook, Patriotism, is a subject of controversy at the present time. There have been great changes in attitude toward patriotism, and a chauvinistic point of view, "My country right or wrong", no longer seems acceptable to a great number of our citizens. Criticism of our government is our inalienable right, and true love of country involves criticism as well as praise. Most of us, however, still believe that love of our country, pride in it, and a desire to serve it are still as important as ever. Always in our minds, moreover, should be the ideal of looking beyond our nation to the future good of humanity as a whole, of our brothers of all races and of all nations.

Dedication - In Memoriam

MARTIN LUTHER KING (1929–1968)

A Patriot who loved his country and all people.

Dr. Martin Luther King was a man of peace who devoted his life to the struggle of his people. He wanted our nation to be a great place in which to live for all people, not just a majority. His words were forceful, but not violent. His heart was filled with hope, not hatred. His thoughts were of future happiness, not despair. He dreamed of the day when all men would live together as brothers in a country and a world free of hatred and prejudice, but he knew he would not live to see that day. Martin Luther King was assassinated on April 4 of this year. It is to his dream, and to his work, and to his memory that we dedicate our yearbook this year in the hope that his accomplishments will not have been in vain, and we hope and pray that his dream may become a reality.

Origin of TIOT Name

Many moons ago, when the redman ruled this region, he gave it the name of TIOT, meaning "enclosure of waters" in the language of the Neponsets, a branch of the Algonquin tribe. A glance at the map shows how appropriate this picturesque name is, for Norwood is bounded on the north by Planting Field Brook and Purgatory Brook, on the south by Traphole Brook and the Neponset River, on the east by the Neponset River, and on the west by Hawes Brook and Germany Brook.

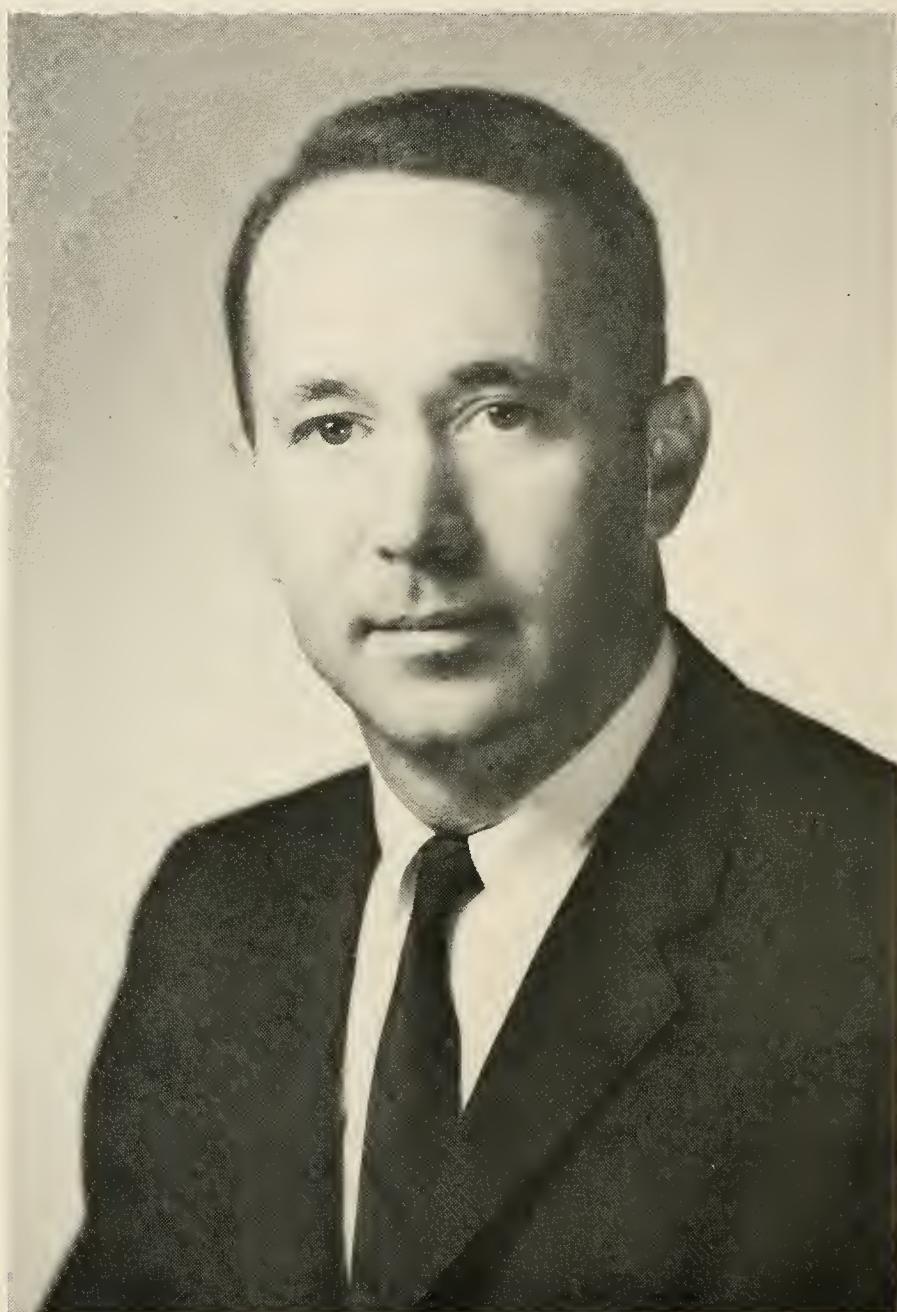

FACULTY

Faculty

“Pulchrum est bene facere rei publicae; etiam bene dicere haud absurdum est.” “It is glorious to serve one’s country by deeds; even to serve her by words is a thing not to be despised.” To every teacher everywhere goes the task of helping his students to become active and responsible citizens. This can and has been done by deeds of heroism, but it is also accomplished by teaching and by example. Young people can serve their government in many ways by preparing themselves to be active, concerned citizens with a genuine desire to participate in making and keeping our country what her founders wanted her to be: “A Government of the People, by the People, and for the People.”*

SENIORS

Seniors

John Kennedy's inaugural address quickened the hearts and minds of not only our nation but of the world, particularly of young people everywhere. The memory of his inspired words "Ask not what your country can do for you—ask what you can do for your country" is imperishable. And "Let every nation know, whether it wishes us well or ill, that we shall pay any price, bear any burden, meet any hardship, support any friend, oppose any foe to assure the survival and success of liberty" must again become our rallying cry. It is essential to our nation's well-being that we be active, creative people because it is in this way that we can contribute to our country's advancement. Neither apathy nor complacency can help a nation grow.

Patriotism As We See It

Senator Eugene J. McCarthy of Minnesota, presidential aspirant for the Democratic nomination as we go to press, made the following remark in one of his campaign speeches, "no one who is insensitive to poetry and song can have respect for learning, and no one who has no respect for learning can have real respect for justice, and no one who does not respect justice can, in fact, manifest a true love for his country." The members of the class of 1968 wish to go on record as heartily endorsing the above statement which is so very relevant to their yearbook theme of "Patriotism."

Three Top TIOT Stalwarts

Pazniokas, Donovan, Orme

Our Three Top Men

The high-ranking men in the class of 1968 are Steven Donovan, the President of the class, Paul Pazniokas, Co-editor-in-chief of the yearbook and Kevin Orme, President of the Student Council. All are accomplished students as well as acknowledged leaders.

Steve Donovan is admired by his classmates as being the perfect student, athlete, leader and friend. In short—the All-American Boy. He is a member of the National Honor Society, as well as the recipient of the Harvard Book Award. On the football team, Steve played a rugged game both offensively and defensively. On the basketball team, he was a popular captain. Next year, Steve plans to continue his education at Harvard University.

Paul Pazniokas has proved himself an able and energetic manager, editing our

yearbook. His dry humor and spirit have lightened many anxious moments. Nothing can deter Paul from what he intends to do. He was co-captain of the soccer team and a member of the track team. Paul hopes to attend Dartmouth next year.

Kevin Orme, President of the Student Council, has not only been a great representative of the Senior Class, but also of the entire student body. His abilities as a leader were obvious as he contributed to the success of our first Computer Dance, the most profitable Globe Santa Drive in our history, and a happier circumstance for Senior finals. Kevin's main asset as a leader is his profound interest in his class, which spurred him on to great accomplishments. Kevin hopes to attend Yale next year.

Green Recruits

September, 1964, marked the attainment of our long-held desire to become a part of the wonderful "School on the Hill." We then became filled with determination to make the most of our four years at Norwood High.

We shall never forget our first hectic but thrilling days at high school. It was impossible for us to travel from one room to another without getting lost in the massive sea of unfamiliar people who surged through what seemed a labyrinth of corridors. Despite our apprehensions and feelings of insecurity we soon learned to hold our own.

Our first political campaign resulted in the election of the following officers: Kevin Orme, President; Richard Machado,

Vice-President; Carolyn Seval and Ralph Jacobs, Treasurers; Sylvia Dyer, Secretary; Cathleen Coakley, Girls' A. A. and James Phalen, Boys' A. A. Representatives.

The Freshman Party marked our debut in Norwood High School's social life. A fine program of entertainment was provided by our classmates, in particular by the Four Aces, a band consisting of Charles Carchedi, Robert Hall, James Abel, and Bruce Wheat. Songbird Barbara Lanzoni provided one of the high spots of the evening.

By June of 1965 we had made a place for ourselves, and as "Sons and Daughters True" we hoped to carry on all the best traditions of Norwood High.

Well Entrenched

In the fall of 1965, we returned to N. H. S. proud of our newly-acquired status as sophomores. With a year of valuable experience already behind us, it was easier to get down to work and into the main stream of things. Vigorous campaigning resulted in our electing John Cronin, President; Richard Machado, Vice-President; Alexis Levitsky and James Phalen, Treasurers; Dorothy Marzuolo, Secretary; Stephen Donovan, Boys' A. A. and Nancy Sweeney, Girls' A. A. Representatives.

On November 18, a gaily adorned school cafeteria became the site of our Sophomore Party. The then newly-organized high school Stage Band supplied entertainment throughout the evening. More of our class's hidden talent was revealed with Marie Payne's performance of her "lion act." To the enjoyment of students and faculty alike, all who

dared sing were led in song and rhythm by the folk combo consisting of Stephen Donovan, Richard Machado, Kevin Orme, and Lenny Rentel. The night's entertainment was made complete with Barbara Lanzoni's singing of her now traditional, "There's a Summer Place."

By this year our athletes had well infiltrated into both the J. V. and varsity teams. Neil Higgins' and Tom Shea's contributions gave foreshadowings of the strength and skill which would be further provided by other as yet "un-sung heroes" of our class. While our men fought, we sophomore spectators were led in cheers by expert enthusiasts Paula Crook and Nancy Sweeney.

About to enter our Junior year we knew that we must direct our energies toward surpassing all expectations.

Seasoned Veterans

When we returned to the "Hill" as Juniors, our predominant thought was: upperclassmen at last! With eagerness and perhaps a little scepticism we began what was to be the most demanding and difficult years of high school.

Our most exciting class election to date resulted in popular Steve Donovan being elected President; Richard Machado, Vice-President; Dorothy Mazzola, Secretary; Janine Paquette and Victor Servello, Treasurers; Cathleen Coakley and Vincent Lembo, A. A. Representatives.

Other outstanding students who filled their roles as members of our class included Nancy Sweeney who was chosen to represent Norwood High in Brazil. Corinne Maciewjewski and Paul Pazniokas were elected to the Gargantuan responsibility of co-editors-in-chief of our TIOT. The voluble spirit of Pat Burke proved a wonderful addition to the voices of our

other two "old-timers," Paula and Nancy. And, of course, we cannot forget the innumerable list of students whose athletic contributions helped lead our teams to victory. But, above all, we can be proud of the ever loyal and sport-spirited classmen of '68 who gave faithful attendance and support to the N.H.S. teams.

The April evening of our Junior Prom finally arrived after long and feverish anticipation. Due to the endless efforts of the decoration committee, our cafeteria had been transformed into an enchanting South Sea island of Hawaii—a perfect setting for an evening of enjoyment.

With June came the end of one more year at N.H.S. Bidding adieu to the Senior Class and our Junior year we prepared for the responsibilities of leadership which would be ours as the top ranking class on the "Hill" the coming fall.

Exchange Students have South America in Common NANCY KAY SWEENEY — YARA MARIA BANNWART

I'll Never Forget:

Looking down on the Andes Mountains after being told the plane had engine trouble.

Learning Portuguese because I could not stand being silent.

Trying to kill a white rat in the kitchen at Sao Paulo and then being told it was the family pet.

The celebrating and jumping around at carnival until four in the morning.

Drinking black coffee and eating rice and beans.

The coral beaches and palm trees in Rio, the buildings and soccer games in Santos, and the poverty and illiteracy in the interior of Sao Paulo.

Wearing a uniform and going to school on Saturdays, which I didn't like much.

The friendliness, cooperation, and understanding of my South American family, and of my own.

Nancy Sweeney

I'll Always Remember:

The welcome that the American people gave to me.

My first school day at Norwood Senior High, trying to speak and understand English in the classes.

Going down to "Friendly's" after hockey, football, and basketball games.

The day when I first saw the soft, white snow coming down.

Climbing "Blue Hill" on October 11, 1967.

The nickname that my new friends gave me: "Yo-Yo".

The patience and understanding that the teachers at N.H.S. had for me.

My American family, the Penders, who treated me with love, patience and understanding.

Ginny, my American sister, the best sister that anyone could ever have.

"There's a School on the Hill Called Norwood" where I had the best time of my life.

Top Rankers At Long Last

With a "g.a.s.p." we realized that our year had finally come, that as Seniors we were now the V.I.P'S. To lead us during our last and most important year we elected Stephen Donovan, President; Richard Machado, Vice-President; Candace Hurley, Secretary; Janine Paquette and Victor Sevello, Treasurers; Cathleen Coakley and Vincent Lembo, A. A. Representatives. Kevin Orme was chosen as President of the Student Council.

We were happy to have Yara Bannwart from Brazil as our exchange student and as a member of the class of '68.

Yearbook editors-in-chief Paul Pazniokas and Corinne Maciejewski embarked on the major project of producing an outstanding yearbook under the direction of Mrs. Riley. Circulation editors were Carolyn Deasy, Candace Hurley, Vincent Lembo and Dana Craig. Michael

Carey and Eileen O'Connell took on the job of advertising editors. Art work was ably handled by David Carey, Joyce Abromowski, and Alexis Levitsky. Cathy Coakley and Steve Sortevik delved for sponsors with Mr. Nolet credited with a major assist. The yearbook produced is a great credit to all concerned.

The array of sports at N.H.S. continued to receive our ardent support. Football co-captains Mike Santospago and Tom Shea together with Jimmy David, Steve Donovan, Eddy Farioli, Tom Hopkins, Larry Jansen, Warren Kramer, Charlie Kelly, and Charlie Shaw deserve much credit for their hard work and great playing.

In addition to Steve Donovan and Bill Spierdowis who made the "Dream Team", the skill of Phil Coakley, Lenny Harris, Norman Johnson, Richie

Lindahl, Pat McGill, Phil Sias and Paul Wysocki enabled Norwood's basketball team to make a good showing for us.

The hockey season brought our class and the whole town to its highest pitch of excitement. A superb team which included Bob Begley, Jack Cronin, Eddy Graham, Neil Higgins, Leo McInerney, and Tom Shea upheld Norwood's reputation on the ice. Probably the most exciting hockey game in Norwood's history was the final game against Arlington. Although the defeat received in overtime was painful, we will always remember that in addition to so many victories the team's perseverance, good sportsmanship, and never-say-die spirit gave us all so much to be proud of.

In December our class production of "The Mouse that Roared" was presented under the direction of Mrs. Louis Buscone. A round of applause was deserved by Sandy Kinsinger, Steve Sortevik, the citizens of "Grand Fenwick," and all others who helped make our play a success.

In early spring more of our class's talents were demonstrated in the production of "Show Boat." We successfully presented Norwood High's most

ambitious musical to date, thanks to the all-out effort made by the music department, Mrs. Buscone, Miss Ryan, Mr. Abraham, and many others. Other reasons for our musical's excellence were the outstanding performances of Kathy Lyons, Pat McGill, Joanne Sofulis, Tom DiMarzo, Jimmy Foley, John Grenham, Karan Jones, Kris Kask, and Barbara Lanzoni.

Our most prominent and long-awaited social event, our senior prom, was held at Sidney Hill Country Club.

The last few weeks which remained in our high school career were filled with the excitement of preparing for graduation, but even so, with nostalgic realizations that such a large and important part of our lives was slipping into memory.

We now leave Norwood High School deeply grateful to our teachers and parents who have helped prepare us to face the future and its challenges. We also leave mindful of the importance which co-operation and unity have had in making the class of nineteen hundred and sixty-eight a great class, in making 1968 our great year.

“When an American says that he loves his country, he means not only that he loves the New England hills, the prairies glistening in the sun, the wide and rising plains, the great mountains, and the sea. He means that he loves an inner air, an inner light in which freedom lives and in which a man can draw a breath of self-respect.” These beautiful words of Adlai Stevenson are almost poetic in their essence. There is so much that is inspiring in literature that only the well-educated, widely-read person can truly be inspired to love his own country and to understand and appreciate the culture of other lands.

Guidance Department

In keeping with an expanding enrollment, the Guidance Department increased its staff of counselors from six to seven. This necessitated moving the files in order to make an office out of the former file room for the new counselor.

The heart of the guidance program is the counseling relationship through which each pupil is helped to understand himself as he really is and to develop thereby his personal decision-making competencies. Beginning with information based on Norwood High School's offerings, the counselor collects and disseminates information to students and their parents concerning opportunities for further education and for future careers.

In conjunction with teachers and administrators the counselor assists in providing placement services for the proper grouping of pupils in appropriate classes. He helps the student to make the transition from one level to another, one school to another, and from school to employment. Indeed, in these areas, it has been gratifying to note the increasing number of former graduates returning for assistance in the transition from the service to civilian life, as well as from semi-skilled to more highly skilled occupations or professions.

The Norwood High School English Department offers a variety of courses in the art and science of using our language in reading, writing, and speaking. English courses, required and elective, are designed to develop, increase, and enrich language skills and to provide students with an introduction to and a basic understanding of our literary heritage.

Students are helped to develop an awareness of both the practical and the aesthetic aspects of all phases of the traditional English curriculum. Varied literary offerings for all ages, backgrounds, and cultures form the core around which revolve the rhetorical, compositional, grammatical, and oratorical experiences of the English classroom.

English electives in Drama, Creative Writing, and Public Speaking, and the seminar "Utopian Societies in Literature" are specifically designed for students with special needs, talents, and interests. In addition special instruction is provided through the Developmental Reading and Study Skills Programs to increase students' comprehension and rate of reading.

Norwood High School students are assigned to English classes which, in so far as possible, are specially adapted for their needs and abilities. A Cumulative Course of Study in the Language Arts summarizes the objectives of the department.

Mathematics Department

Top: Mr. Hartnett points out a parabola to his "people."

Middle: Solving problems is Mr. Tozier's forte.

Bottom: Mr. Gentile takes it easy, while Steve takes over.

The Mathematics Department is now nearing the end of a period of revision and change which is quite unlike any other period in the history of teaching mathematics. In the past ten years each course in the curriculum has been substantially revised in order to take full advantage of new research done in the area of math education. Next year, for example, the department may participate in a federally-funded study to discover whether the use of a time-shared computer would improve the learning of mathematics. Second year algebra classes will have the opportunity to program a high speed digital computer through a time-shared terminal. The terminal will be attached to a computer in Boston.

Most students find using a powerful, high speed computer interesting, challenging, and exciting. In addition to their participation in a truly forward-looking project, they have fun.

In the Basic Math courses, where programmed instruction was introduced in 1963, a compromise was reached. The programmed units were used for five weeks each term, and the regular text for the half of each term. This instruction was achieved without the possible resulting boredom, while the regular teaching continued, with some of its problems removed or at least eased.

History Department

Top: Mr. Nolet on his favorite throne.

Bottom: What's missing from Miss Meade's third finger?

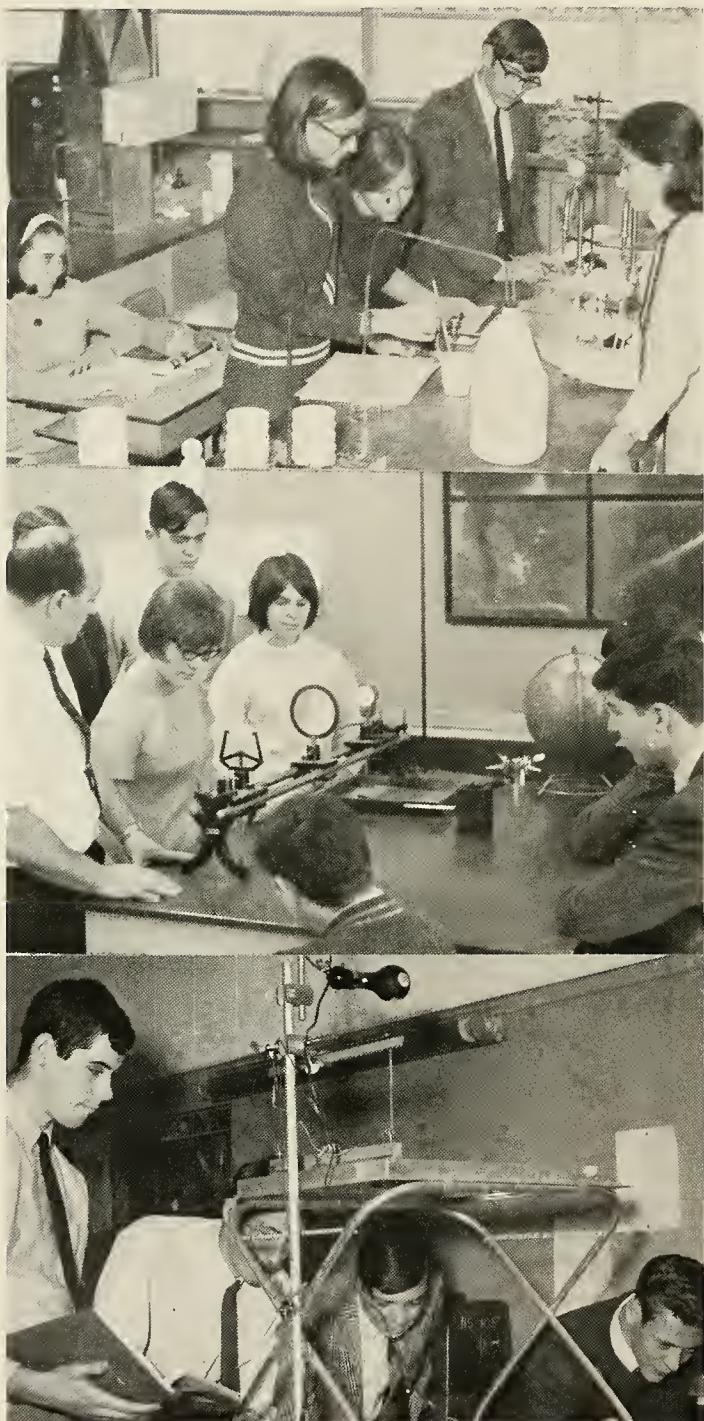

The Norwood Senior High School History Program is designed to develop well-informed citizens by providing more depth and continuity in subject areas and more variety in course selection.

Courses have been offered to the student on the advanced level in Ancient Civilization and American History I. Upon successful completion of these courses, students advance to Western Civilization and American History II. Those students who are taking American History I and II are encouraged to take the Advanced Placement Examination which will, in some colleges, give them six credit hours toward degree work.

For the college preparatory student, Ancient Civilizations or American Government is offered in the Freshman year. Sophomores will take Western Civilization, and Juniors will take United States History. At the Senior year level, the college preparatory student has a wider selection of courses. The student may select any two of the following courses, which will be given during two terms in the academic year: Asian Studies, Russian Studies, International Relations, or Recent United States History. A full year course in Economics is also offered for the college preparatory student.

For those students who do not plan to continue their education beyond the secondary school level, courses are offered in American Government in the Freshman year, World Geography in the Sophomore year, United States History in the Junior year, and a choice of either Contemporary Affairs or Economics in the Senior year.

Science Department

Top: What's the chemical equation for a milkshake, Miss Wick?

Middle: Real or inverted image, Mr. Fiore?

Bottom: What does this experiment prove?

The Science Department continues to grow annually, and the wide variety of courses offered for selection reflect the changes that have taken place in the sciences over the last decade. We are continuing with the Biological Sciences Curriculum Study, Blue and Yellow versions. These science programs rely greatly on the use of the laboratory as an integral part of the student's learning activities and contribute to an understanding of important biological concepts. For those students with a special interest in Biology or in related fields, an advanced course in Biology is also offered. This course also relies on the laboratory activities to develop concepts.

This year for the first time, two classes of Sophomores are taking the Chem Study course which emphasizes the most enjoyable part of chemistry—experimentation. The laboratory work provides the basis for the development of chemical principles. It will be possible for these students to do advanced work in chemistry which we are due to offer in 1968-1969.

We are continuing with PSSC Physics course, which is also a laboratory-oriented course. Principles grow out of observations made in the laboratory. Some new experiments have been added, and some of the older ones have been changed so as to make some of the basic principles easier to recognize.

With the interest in space travel, our Earth Science course becomes more important. This course stresses the basic facts concerning the earth: its make-up and movements and its relation to other planets. We stress laboratory work because it contributes so much to interest in and comprehensiveness of the course.

Foreign Language Department

Top: After four years of French, they're still smiling.

Bottom: Mr. Maloney's pupils just love Latin.

There were 970 students enrolled in the Foreign Language courses at the Senior High School this past year. Of these, the greatest number were studying French. Next came Spanish, then Latin, and German. It is now possible to complete five levels of French study, the first having been completed at the Junior High School, and four levels of Spanish and Latin. German was introduced two years ago. Present sophomores who have been successful in German II will be able to continue their study through the Senior year and thus complete four levels of German.

There were 69 students who were studying more than one language. It is interesting to note that the most popular combination was French and Latin.

The Laboratory continued to be a very helpful adjunct in the learning of modern foreign languages since each booth is equipped with a tape recorder which permits the student to listen to a variety of French, Spanish, or German native speakers, then to attempt to imitate them, and finally to play back his own performance and compare it with the master recording. Also structures of the language which have been presented in the classroom are reinforced by drill exercises in the Laboratory. Recordings provide additional information concerning the culture of the countries whose languages are being studied.

Business Department

Bottom: Shorthand with Mrs. O'Brien.

Business education is an essential part of the American way of life and its culture. It must, therefore, be taken into consideration when planning for the education of the future citizen.

In a continuing effort to stay abreast of the trends in business education, this year we have introduced an I B M key-punch machine as a part of our business machines course. In September we expect to introduce a special course in Key-punch and Machine Data Processing.

Our Business Department offers courses for all grades starting with Junior Business Training at the 9th grade level to General Business Training at the 10th grade level and thence to Bookkeeping, Shorthand, Typewriting and Business Machines.

These courses offer all students an opportunity to select subject matter to suit their individual needs. Many take a series of courses to provide them with a satisfactory training as terminal students. Others select certain courses to provide for their personal needs.

Home Economics Department

Top: Mixing it up with Mrs. Rideout.
Middle: Soup's on!
Bottom: Sewing a fine seam or two.

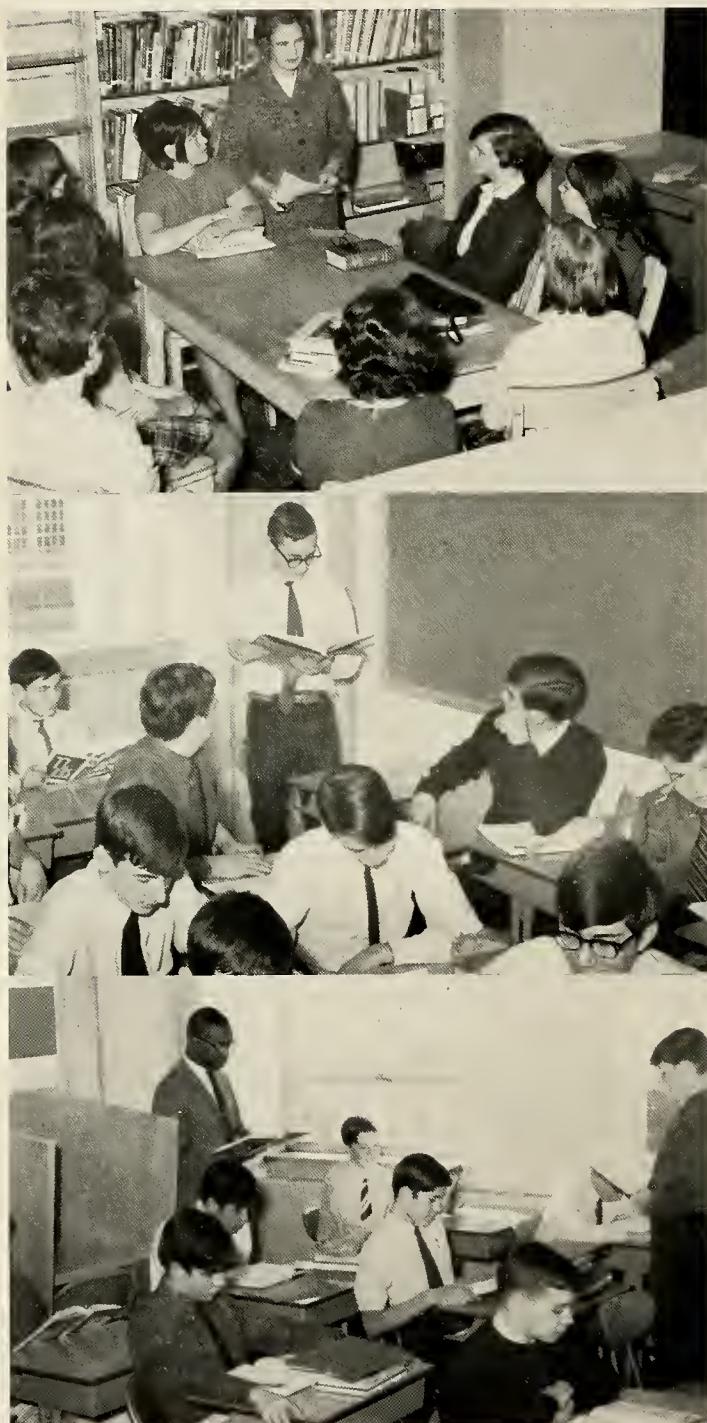

The Home Economics Department offers the high school girls an opportunity to develop themselves as responsible individuals through class experience which can be put into practice in their daily living.

The girls are taught to use the sewing machine and to use patterns. Samplers of hand stitches are made. The ability to fit and alter garments while constructing them is taught. In studying fashion and good grooming the girls become aware of the principles of good grooming in regard to personal appearance. Tailored garments and techniques of making coats and suits are included in the advanced classes.

The fundamentals of good nutrition and planning breakfasts, lunches and dinners are taught. Good safe housekeeping is practiced, and correct rules of table setting for different types of meals are learned.

The girls enjoy the art of simple cake decorating and flower arrangements. The elective Home Economics classes and Home Management classes are made available to girls not having class time to take major Home Economics. In these courses the girls are introduced to many other aspects of home and family care.

Library and Reading

Top: Mrs. Sweeney and her aides aid each other.
Middle: Can William really read?
Bottom: Mr. Phillips and his reading class overcome all obstacles.

SCHOOL LIBRARY

The School Library was again the recipient of a federal grant. As a result, the space situation has become extremely acute. We are now shelving books on the window sills. The library is hopeful that in the not too distant future new quarters will be available. Then, the Norwood Senior High School Library will be able to catch up with the present, to say nothing of the future.

The annual course of instruction in the use of the library was given to the freshman English classes. Mrs. Carl Pearson of the Morrill Memorial Library cooperated in the program with the high school librarian. Audio visual aids were incorporated into the program this year and helped to increase the effectiveness of the lessons.

READING DEPARTMENT

The Reading Department at Norwood High School has a diversified program each year. The purpose of the reading class is to develop every student's reading ability to his maximum, as well as to review and refine his reading skills.

Within this comprehensive program courses were offered to upperclassmen on an elective basis. A required course entitled "Study Skills" was designed to equip the incoming Freshmen students with techniques for rewarding study. In addition, small classes and some individual instruction were given for remediation.

As a basic tool for learning in today's competitive world, reading is becoming an even greater necessity for academic excellence and intellectual growth.

Music and Art Department

Top: Painting up a storm?
Middle: Learning "the score"

MUSIC DEPARTMENT

The musical curriculum continues to develop and is indicative of the expansion which has taken place in the Music Department in the past five years. Upper-classmen were able to select courses in Music Theory, Music Appreciation, Voice Training, Training Choir, Woodwind Ensemble, Brass Ensemble, and Percussion Ensemble. Once again General Music was taken by all incoming Freshmen.

Performing groups involved: the Concert Band, the State Band, the Concert Choral, the Girls' Choir and the Madrigal Singers.

True appreciation and enjoyment of music can only be attained by being active performers rather than passive listeners.

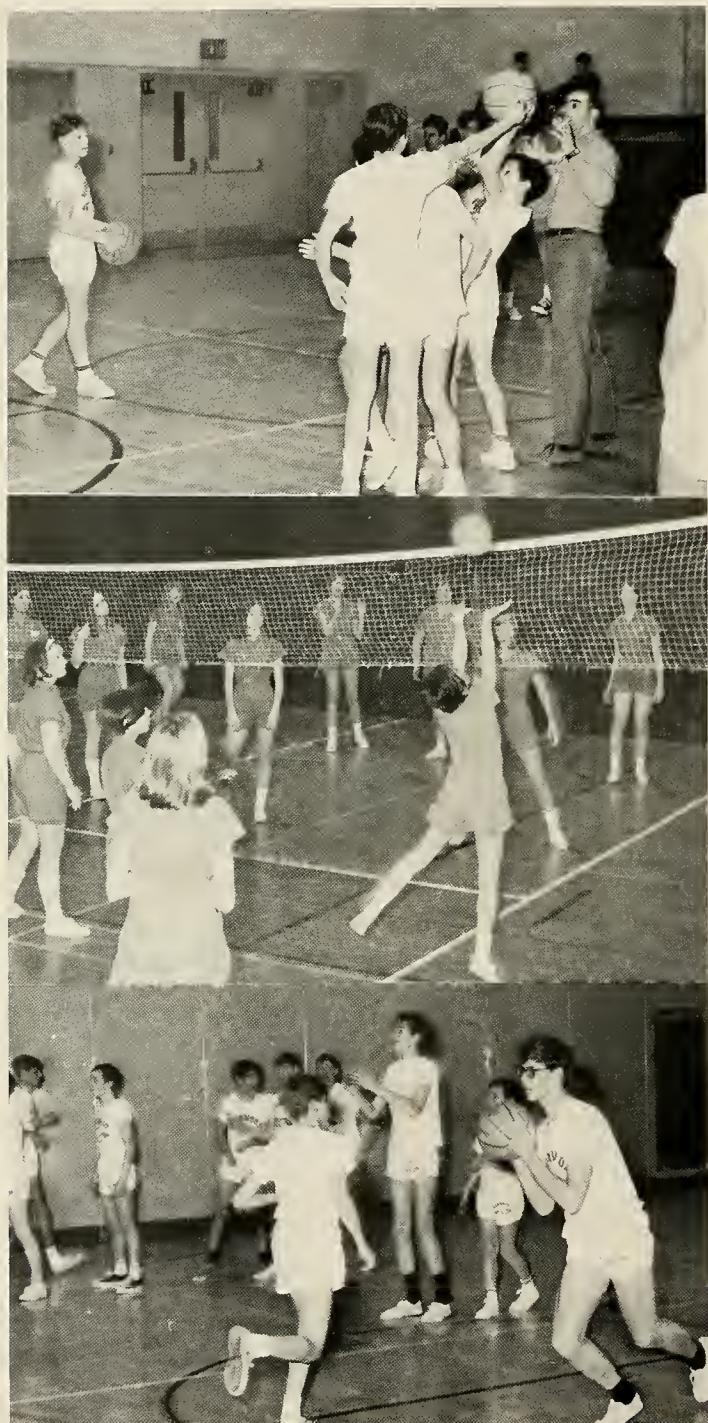

ART DEPARTMENT

The provisions of the Art Department were arranged so that all students of mixed abilities and talents could apply themselves to a variety of creative experiences. These were realized through a wide range of art media. Such material and methods as block printing, sculpture, oil painting, drawing, ceramics, and many others provide the student with the opportunity to develop a personal interest in art.

In addition to the general art program, students desiring to go on in their art studies, either at a university or professional art school, found that the art program provided them the necessary preparation.

Students desiring to further their background knowledge of the arts and humanities learned to appreciate great art and to recognize the work and style of outstanding painters.

Physical Education Department

Top: Mr. Malvinni in the thick of it.
Middle: Is this a holy (holey) net?
Bottom: Going around in circles?

Our program in Physical Education is an integral part of the high school education, and it has been expanding rapidly in recent years. Participation by all students in some aspects of this program, curricular and extra-curricular, is our aim. We also aim to develop correct attitudes towards play and to set up proper standards of sportsmanship.

Physical education classes are held two periods a week for Seniors and Juniors and three periods a week for Sophomores and Freshmen.

Intramural sports offered for girls are field hockey, basketball, softball, archery, tennis, and gymnastics. The boys intramural program consists of soccer, touch football, tennis, basketball, gymnastics, weight training, and wrestling.

The interscholastic program, also a very important part of our physical education setup, is conducted for girls in field hockey, basketball, tennis, softball, and gymnastics; and for the boys, in football, hockey, basketball, baseball, indoor and outdoor track, cross country, golf, tennis, and wrestling.

Each year the opportunities offered to the student body are expanded and refined, and we feel that the school is well represented in most fields of physical activity with a bright future ahead.

Industrial Arts Department

The Industrial Arts Course is designed to help prepare individuals for meeting the requirements of a technological culture. The application of an idea from its inception in the mind of the learner includes planning, designing, laying out, cutting, shaping, fabrication, and finishing.

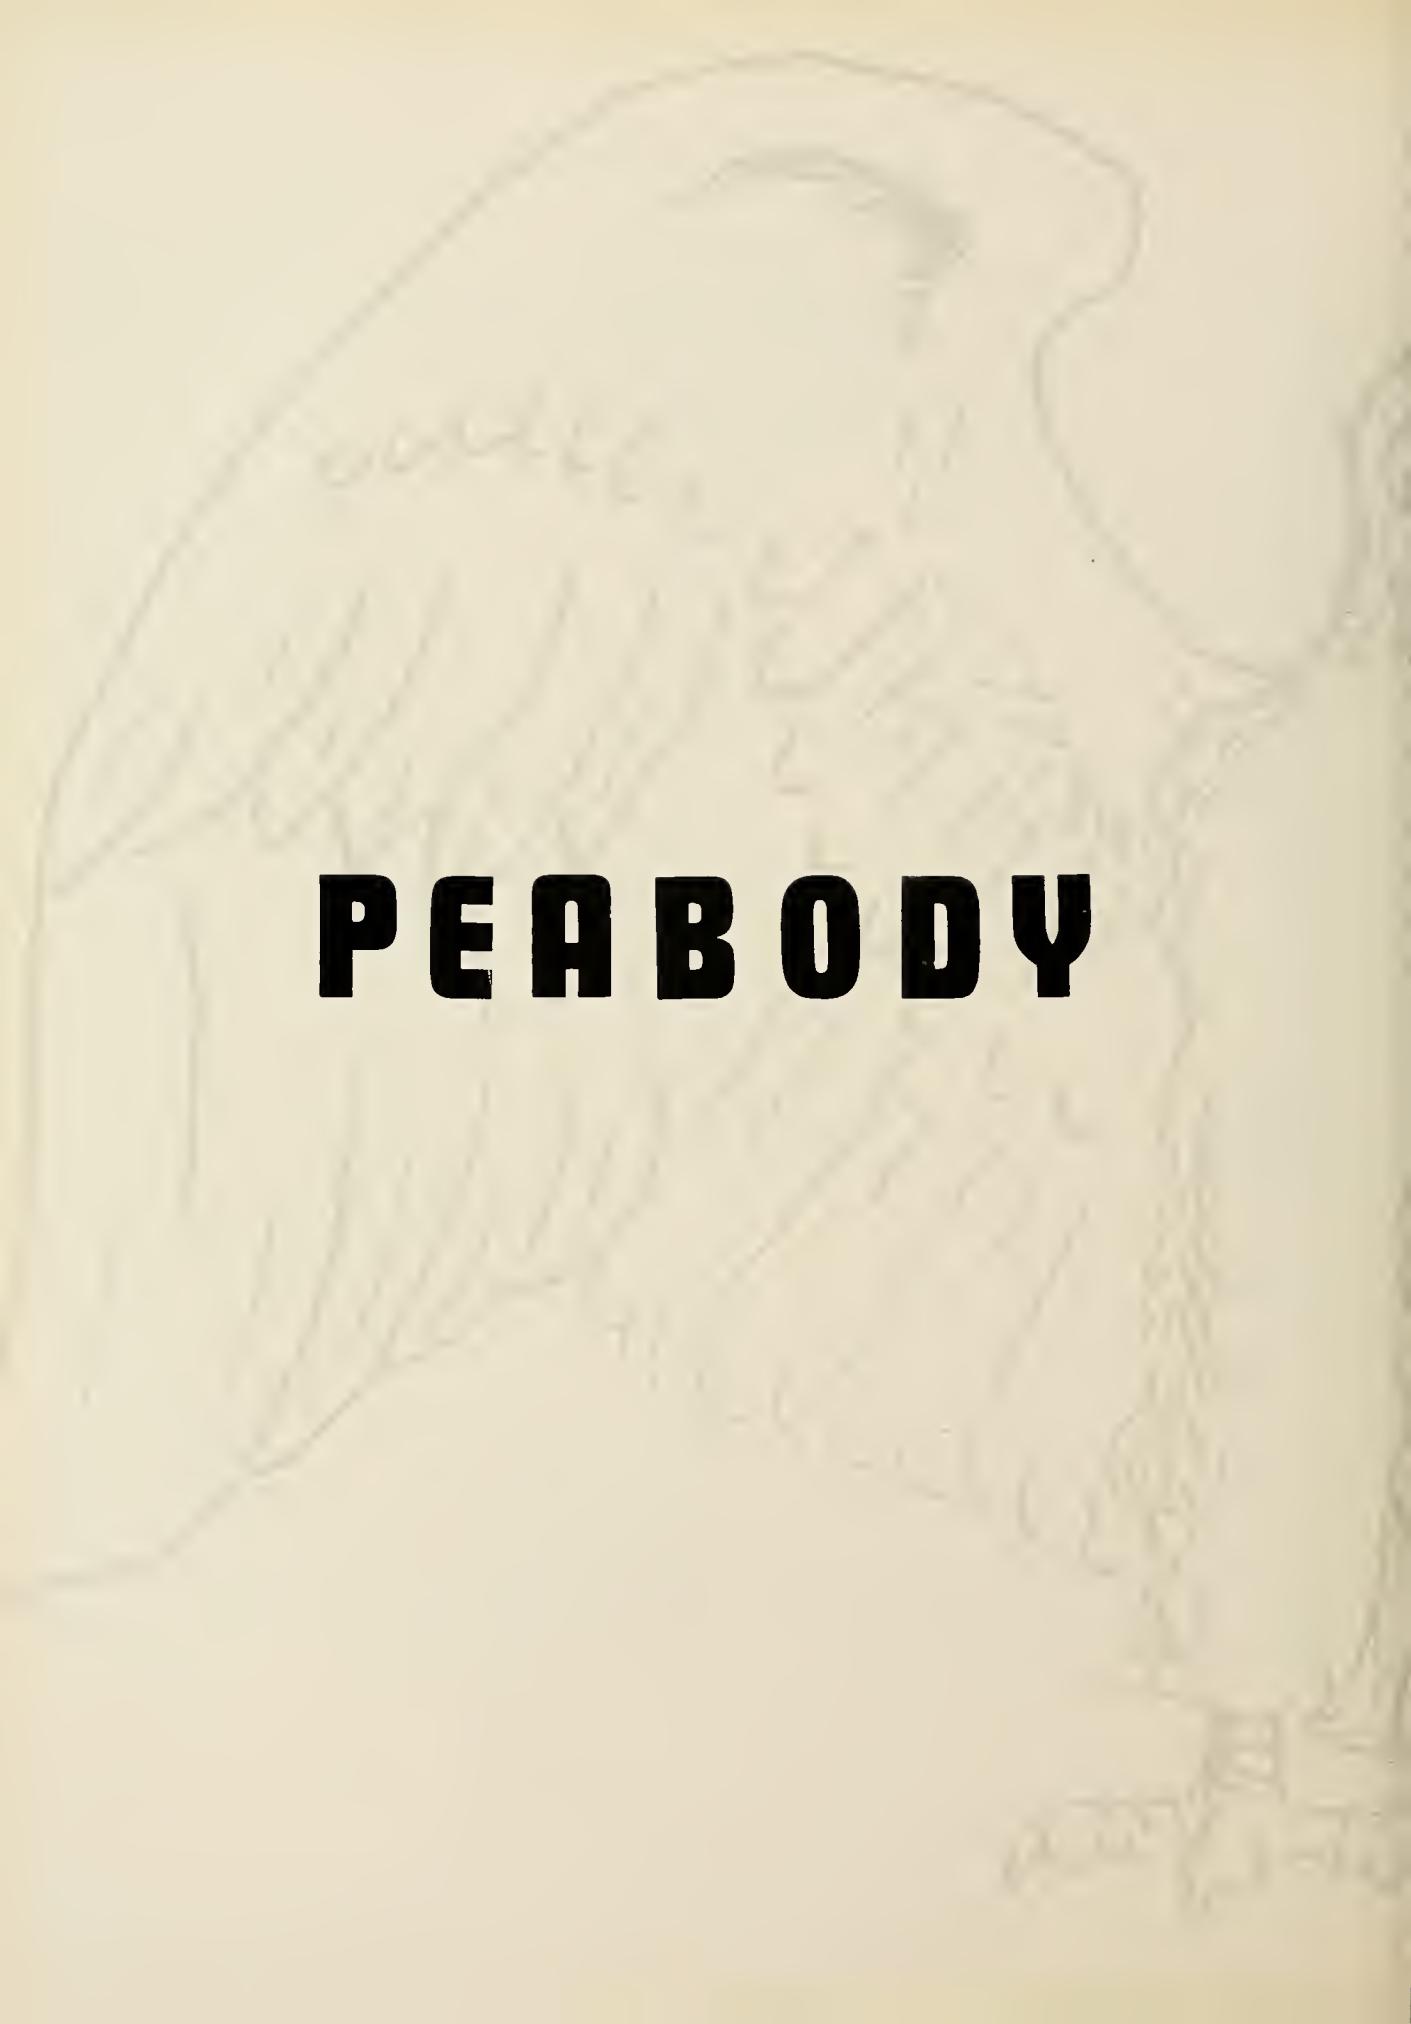

Mechanical Drawing provides a basic knowledge of the techniques and skills necessary to produce satisfactory plans which were used in the various shop courses. The development of pencil and instrument skills in technical sketching, machine design, pictorial representation, architectural drawing, furniture design, sheet metal layout, electrical-electronic planning, and tool design is stressed.

Graphic Arts trains the students in the skills of designing and producing suitable forms, which are printed on the offset press.

In Electronics, basic circuits and simple electronic devices are designed and constructed. The proper use of testing equipment is stressed.

Metalwork gives the pupil an opportunity to set up and operate some of the machines found in modern machine shops and sheet metal plants. Metal-spinning, art metal, metal forming, and arc welding are included in this course. Also, in this shop course, Automotive Mechanics is introduced to the more advanced students.

PEABODY

Peabody

Adlai Stevenson in answering his own rhetorical question—“What do we mean by Patriotism in the context of our times?”, made the following concise but penetrating answer: “A Patriotism that puts the country ahead of oneself; a Patriotism which is not short, frenzied outbursts of emotion, but the tranquil and steady dedication of a lifetime.” Dedication involves tedious, day by day, training and discipline, not only for the vocation in which we expect to earn our livelihood, but also so that we may make the best contribution possible in maintaining and improving the democratic society in which we hope to continue to live. Our government is an expression of the will of the people only if the people are determined to make it that.

Peabody Newshounds

Throughout the school year, a column well-known as PEABODY PERSONALITIES appears periodically in the NORWOOD MESSENGER and other area newspapers. The column's purpose is to keep the alumni, future applicants, and the general public informed about the current activities, students, and staff of Norwood's only vocational public school. For the fifteen years of its existence, this column has been the special province of the Henry O. Peabody Press Club.

The Press Club's membership consists of a group of interested and enthusiastic students who volunteer to gather and write the news of their respective departments.

Assignments often mean working

under pressure to meet copy deadlines. Loyal and capable reporters for 1967-1968 have been postgraduate Deidre Flaherty and junior Sandra King, Fashion Department; postgraduates Deborah Rau and Sandra Marshall, Business Department; postgraduate Barbara Tower and senior Kathleen Mohamet, Food Service Department; postgraduate Linda Lanzoni, Beauty Culture Department; and Mrs. Verne Berry, Practical Nursing Department.

This year the Press Club has been under the direction of Mrs. Zaila Souther, English instructor. Miss Rose Morrison and Miss Marjorie McCready, Business instructors, have been responsible for the final typing of the copy for publication.

Peabody Roost-Rulers

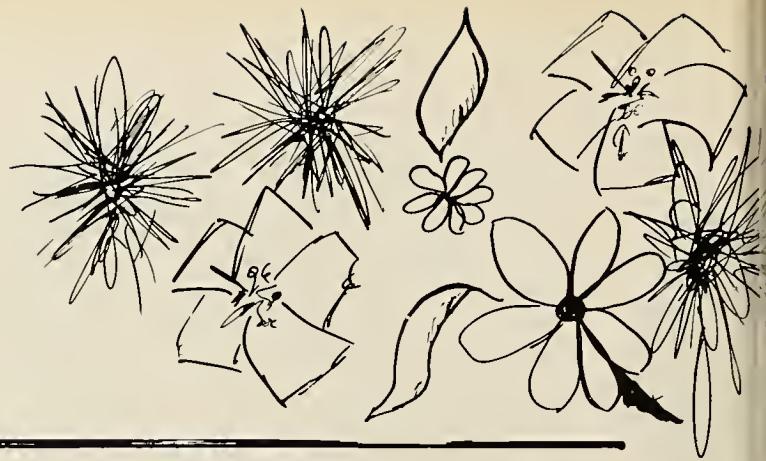

Every student of the Henry O. Peabody School automatically becomes a member of the Student Cooperative Association, an organization by means of which the students govern themselves with the cooperation of the Director and the faculty of the School. The Student Cooperative Association through its elected officers, homeroom representatives, and alternates endeavors at all times to foster a spirit of acceptance of responsibilities as well as privileges, so that a fine spirit of friendship and of mutual pride will exist throughout the school as a whole.

The Student Cooperative Association sponsors various activities such as the pre-election rallies, the election of offi-

cers, and a student mixer in January. Operation "Santa Claus" takes place in December and is a school project which gives the students an opportunity to remember both children and older people in hospitals, nursing homes, and state institutions. In the fall a theatre trip is planned for the students. In June the officers of the Association serve as chairmen of the Annual Awards program.

The elected officers for the year 1967-1968 were: President, Bernard Lanthier; Vice-President, Michelle Leland; Treasurer, Richard Billings; Secretary, Gray Marchand.

The faculty sponsors were Miss Louise Ulrich and Miss Marion Martin.

“Knowing that only a United States that is strong and immensely productive can help defend the freedom of the world, we view our nation’s strength and security as a trust upon which rests the hope of free men everywhere. It is the firm duty of each of our free citizens and of every citizen everywhere to place the cause of his country before the comfort, the convenience of himself.” Dwight Eisenhower in the above inaugural address had a message for all young people that is as true today as when he presented it. *It is entrusted to the young to preserve and maintain the ideals upon which our country was founded and upon which it has grown. To dissent and protest is beneficial and essential provided that we have something to say, that we protest and criticize with the idea of bettering a situation that is within our power to improve.*

Three Down and One to Go

CLASS OF 1969 – JUNIOR HISTORY

In September 1967, we eagerly assumed the title of "upperclassmen", prepared for a rigorous academic schedule and a year of extracurricular activities in all fields.

In an election so tight that there were several recounts, we elected this slate of officers: David Mogan, President; Fred O'Connell, Vice-President; Ann Poniatowski, Secretary; Kathleen Orme and Bob Donovan, Treasurers; Deborah Scollins and Stephen Fischer, A.A. Representatives.

Our Junior boys contributed heavily to all sports. Many former J.V. players graduated to Varsity, increasing their fervor and ability. The class of 1969 is extremely proud of its outstanding athletes.

Sports events would not have been as exciting without the support of the Junior cheerleaders: Kathy Donovan, Janet Ostrom, and Betsy Acker.

In academics we fared well also. We

survived with little mishap the PSAT, the NMSQT, and the College Boards. By vote of the faculty, these Juniors became members of the National Honor Society: Richard Bayer, Kelvin Chin, Patricia Fanning, Karla Johnson, Barry Levine, Roy Lydon, Joanne O'Day, Anne O'Donnell, Kathleen Orme, Tara O'Toole, Barbara Tausey, and Susan Nolan. In the Foreign Exchange Program, finalists Barry Levine and Christine McQuillan were selected from many qualified applicants.

In the spring, we brought the year to a dramatic climax. At our Junior Prom, held on May 10, we danced to the music of Jeff Stoughton and his orchestra. This evening will always be a highly prized high school memory.

As the Class of 1968 left us in June, we watched them rather enviously and very sadly. The Class of 1969 is prepared to take over as Seniors at N.H.S.

Our Second Year Was Second to None

CLASS OF 1970 – SOPHOMORE HISTORY

September of 1967 saw us trudging back up the hill to N.S.H.S. with a bit more understanding of the direction our lives were taking. With our previously gained "knowledge, experience and wisdom" we were ready to push on to greater things.

The first independent step we took as Sophomores was electing our officers. Our political campaign resulted in the re-election of Brad Kelly, President; and our Secretary Jill Ritchie and Boys' Treasurer Tom Kennedy were also to have a second year in office. Other officers were Vice-President Walter Orme, Girls' Treasurer Joan Kelly and A.A. Representatives Arnold Cushing and Marianna Vinson.

The theme of our Sophomore Party, held in October, was in accordance with the message of the "hippie generation." "Love" was plastered on every wall of

the cafeteria along with multi-colored hearts. The "Bitter-Blues Band" provided the beat for dancing, and refreshments were served. It was noisy and exciting.

Sandy Columbo, Susan Bragg, and Chris Philips joined the cheering squad this year and many of our "fighting men" joined forces with the Varsity teams. The football team was given great support by Brad Kelly, David Thomas, Joseph Puzin and Dennis Joy. Mark Flaherty, Edward Letts, and Mark O'Connell joined our victorious hockey team; and Richard Laffey met the requirements for Varsity basketball.

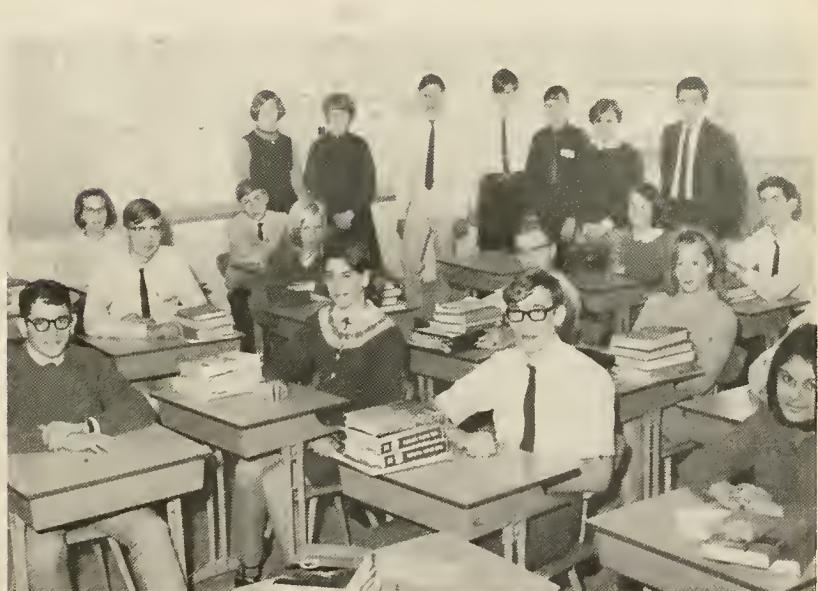

Our second year at Norwood High was a period of physical growth along with mental maturity. There were failures and successes, but the courageous Class of '70 was ready to come back and try again.

The Spirited Class of 1971

CLASS OF 1971 — FRESHMAN HISTORY

The 1967-1968 school year of fun and excitement as well as hard work and study began on a bright September day for the incoming Freshman class.

The first major event was the election of class officers. There was a close race for class president which was won by Paul Hartnett. Stephen Kennedy was chosen vice-president, while Geraldine O'Brien accepted the duties of the secretary. The Boys' and Girls' A.A. Representatives were Patrick McQuillan and Lynn Parker. Cameron Kelly was elected Boys' Treasurer and Joyce Gallagher Girls' Treasurer.

On October 20, the Freshman Party was held in the cafeteria. The "Centaur" provided the music and everyone seemed to be having a good time. At

the beginning of the evening the dancing was started by Mr. Lee and Mrs. Staton, but by the time it was over almost everybody had danced.

We Freshmen then turned our attention to the Freshman Sports program. The football team did fairly well under the direction of Mr. Lee and Mr. McKenna. Jimmy Murphy was selected captain of the team. A few of the outstanding hockey players were Louie Parker, Jackie Clifford, and Michael Lowey. The basketball team was boosted by its captain Paul Hartnett, Cameron Kelly, and Robert Little.

All in all, it was a fun-filled and fruitful year for the youngest class on "the Hill."

ACTIVITIES

Activities

The careers of many high school students may often be prophetic of their future years as adult citizens in our democracy. Those who are willing to give of themselves, of their time, their talents, their courage and endurance to add lustre to the prestige of their school will also, hopefully, be the proponents of a government in which each individual has a responsibility and where greater reliance will be placed on the character and intelligence of the citizenry. As there are many activities open to the high school students, so there are many areas in our system of government for each of us to exercise some influence for the good of all.

A Banner Year for the Council

This year's Student Council under the leadership of Kevin Orme, President; Barry Levine, Vice President; Deborah Kelley, Secretary; and Kristen Kask, Treasurer; enjoyed a successful and active year. The Council's Executive Board consisted of John Cronin, Chairman; Steven Donovan, Nancy Sweeney, Robert Begley, Michele Eysie, Beth Wright and Joan Kelley.

The Election Commission consisting of Cathleen Coakley and William Dynan, Chairmen; Corinne Maciejewski, Ellen Breen, Kathleen Orme, Robert Donovan, John Ranalli, Fay Donovan and Ellen Kenney and assisted by the Offi-

cers and Executive Board of the Council, ably supervised and published the results of all school elections. This commission is a very important part of school life, and its members earn and win faculty and student approval for their effort.

The highlight of our Social Calendar this year was the Computer Dance held in December for the benefit of the American Field Service Program. The dance was a "first" for Norwood High School and provided an enjoyable and profitable evening for all who attended.

The Student body again under the direction of the Council contributed

over five hundred dollars to the Globe Santa Drive.

In September the Council presented to the school its Revised Handbook (THE BLUE BOOK). This project was undertaken by last year's council.

Once again members of the council served as delegates to the Eastern Massachusetts Division of Student Council Spring Convention. This year it was held at Natick on April sixth. The following students represented the Norwood Council: Kevin Orme, Barry Levine, Charles McAuliffe, Maureen

Tamulonis, Barbara Jansen, Deborah Kelley, and Andrew Malacaria. Many ideas regarding Student Council activities were exchanged at this meeting.

This year a new committee, the Welcome Committee, was formed to orientate new students to our school and to acquaint them with different aspects of Norwood High.

The Council would like to extend its thanks and gratitude for the capable advice and assistance throughout the year from Miss Mary Hubbard, Adviser and Mr. George Usevich, Assistant.

High-Rating Scholars

The Norwood Chapter of the National Honor Society is a branch of the nationwide organization. Its principal purpose is to give recognition to students who are outstanding in scholarship and as school citizens.

The first qualification for membership is scholarship and requires that a candidate be named to the honor roll five times in succession, for seniors two of these must be first honors, and juniors must include three first honors. Each candidate must present evidence of service either to the school or to the community. The list of applicants is then rated by the faculty on citizenship, service and leadership and from these ratings, final selections are made.

The principal activity of our chapter is the conduction of a tutoring service for capable students who have been handicapped by absence, for transfer students or those recommended by subject teachers.

The Norwood Chamber of Commerce, at its annual Education Night presents pins to our members, and each spring the group conducts an assembly to acquaint the student body with its organization and its members.

Our chapter is a member of the Eastern Massachusetts Association and took part in its fifth annual conference which was held at Elizabeth Seton High School in Wellesley Hills. The theme of the convention was "Building Leadership for a Better Tomorrow."

Utopia in Literature

Once again this year a few seniors gathered weekly in the "dungeon" to discuss in somewhat faded surroundings the ever-bright ideas of Plato, Machiavelli, More, Butler, Bellamy, Huxley, Orwell, and others. Each year the reading list is essentially the same; but because the teacher is a year older (if not wiser), the students different, and the world in terms of which the ideas are discussed everchanging, the course seems to possess infinite variety. Although it usually takes a few weeks for the students to feel at ease in the seminar situation as opposed to the more formal classroom approach, before long

the discussion is proceeding from student to student, with the teacher playing a diminishing role. One of the primary values to be derived from this particular course is experience in participating fully in a small-group learning situation, a situation which is only frequently available to students on the public secondary school level. The after-school meeting time guarantees that only highly motivated students apply for English 400; this has produced consistently high-quality seminars, and those of the 1967-1968 school year have been no exception.

Le Cercle Français

The "Cercle Français" at N.H.S. strives to create a close knit band of students for the purpose of increasing their knowledge and enjoyment of French culture, literature and civilization.

Officers this year included: Peggy Capasso as President, Nancy Schlosberg as Vice-President and Sue Winthrop and Pattie Maggio as Secretary and Treasurer respectively. Membership increased from the previous year, and a Constitution and club rules were finally adopted.

Activities started late in the year with a "déjeuner" at a French restaurant

in Boston. The members also got acquainted with members of other French clubs in the area through informal social gatherings. Later in the year slides, taken by a recent traveller to France, and movies were shown at several meetings. The club also enjoyed a tour of French art at the Boston Museum. For the first time in the history of the club, members had a chance to attend a play in French, "Le Mariage de Figaro," which proved to be an esthetically fulfilling experience.

During the latter part of the year opportunities were offered to view various French films.

El Club Español

El Club Español at Norwood High endeavors to promote an exchange of ideas that involves the student in intellectual and cultural pursuits relative to the customs and traditions of the Spanish speaking peoples of the world.

This year the club consisted of thirty members studying Spanish II, III, and IV. The officers were: President, Sheila Flaherty; Vice-President, Toni Manfro; Secretary, Karen Egan; Treasurer, Kathy Sastavikas; and Program Chairman, Martha Russell.

During the first semester, the club received slides and listened to talks presented by Mr. Reagon who, prior to coming to Norwood, served as a Peace

Corps volunteer for two years in Peru. The club's major project of the semester involved all the members in preparation for a Christmas party, including a hand-made *penata* and gifts for the children at the Cardinal Cushing Spanish Speaking Center in Boston. Climaxing the first semester was a dinner at Casa Mexico in Harvard Square.

Second semester plans included attending the annual performance of the Ballet Folklórico of Mexico and visits to the Gardner Museum and Boston Museum of Fine Arts. The club is also looking forward to viewing more of Mr. Reagon's slides, especially those dealing with Machu Picchu, the lost city of the Incas.

A Gay “How do you do”

The Welcome Committee was formed through the Student Council to help new students adjust to procedures at Norwood High School. When a new student arrives, the guidance office notifies the two members of the same class as the new student. The duties of the Welcome Committee members are to introduce the new student to his new classmates, escort him to his classes for a period of time, and help

him with traffic rules and lunch period procedures.

The Student Council elected the following members to serve on the Welcome Committee for the school year: Maureen Tamulonis, Stephen Donovan, Deborah Scollins, Richard Talbot, Barbara Jansen, Andrew Malacaria, Christine Pucci, and Guy Cisternelli.

Keeping In Touch

The Norwood High School chapter of the Junior World Affairs Council was organized in 1966. It has a membership of twenty students and an affiliation with the Massachusetts World Affairs Council. Twenty-three high schools in the Boston area have junior councils.

The purpose of these councils is to arouse interest on the part of the students in world affairs and current events. The Norwood chapter meets at regular intervals during activity period for lively discussions on world problems such as the Vietnam war and Latin American affairs. Occasionally, guest speakers are invited to these local meetings.

Regional or state-wide meetings occur monthly. These meetings are focused on a specific topic such as urban affairs, Latin America, or the 1968 elections.

Professors and graduate students from surrounding colleges deliver lectures and hold discussion workshops on that month's topic. The local council plans a follow-up project to be carried out at their next meeting. Films, speakers, and publications are available from the Massachusetts World Affairs Council to aid these local projects.

In December Norwood students went on a trip sponsored by the World Affairs Council to the United Nations, where they met with the Counsellor of the Vietnamese Mission to the U.N., Mr. Tuan. In May there was a similarly sponsored trip to Washington D.C.

The officers were: President, Diane Nenart; Vice-President, Donald Two-mey; Treasurer, Mary O'Neil; and Secretary, Patricia Maggio. The faculty adviser was Miss Reardon.

A Banner Year

The 1967-68 Hilltopper was completely revamped and reorganized. It was the first edition which has been printed outside of school. This was accomplished with the aid of local businesses which advertised in the newspaper. Also included in the Hilltopper was a copy of Scholastic Roto, a national magazine which proved very informative and enjoyable.

The faculty adviser this year was Mrs. Sullivan. The Editor-in-Chief was Patricia Ward, whose time and talents were devoted almost exclusively to the Hilltopper. Karen Elias was in charge of the Features Department, and her staff came up with many interesting and intelligent articles. On top of the news this year was Tara O'Toole, who di-

rected her staff in the coverage of the major events this year on the Hill. Sports-minded Vin Lembo ably handled that department. The Literary Department was run by Kathleen Cormier. Her staff was responsible for many original poems and stories. The Art Department was headed by Phyllis Cushing, whose talents were put to good use.

The Hilltopper offered many students a chance to write for pleasure and experience. It also allowed students to attend press conferences at the Sheraton Plaza Hotel in Boston.

We hope in future years that the changes in this year's paper will be expanded and improved upon, for it takes much work to keep up with the growing population of Norwood High School.

FUTURE HOMEMAKER'S REPORT

The Future Homemakers of America is a Norwood Chapter of a National club. So far this year we have had many good times.

The first was the State Convention at Bourne High School. The girls met with other members from the different parts of the state, and they exchanged ideas about what their chapters were doing.

The second event was a State Convention for "Officers Only." It was held in Framingham. The officers of all the Massachusetts Chapters met and were briefed on their duties and the responsibilities of the office which they held.

Next, was the initiation. During this ceremony all of the girls became official members of Future Homemakers. Refreshments were served after the ceremony in December.

Whom Would You Choose?

GLOBE SANTA

Perhaps you think Presidential Elections do not concern you as a high school student, but they should. Stop and think for a minute. A great deal rests on the shoulders of the individual voter this year. Each man's selection could mean the salvation or the damnation of the United States and even of the world.

It could mean that you are sent to Vietnam when you graduate, but maybe this is better than waiting until the war in Vietnam comes to you. It could mean that your Negro neighbor becomes your equal or your slave. It could mean we will reach the moon. It could mean we will have computers instead of teachers. It could mean our lives.

Why not, for the sake of curiosity, have a national election in our school. Who would you choose?

Elaine Doherty

Once again this year, the Student Council sponsored a collection for the Globe Santa. The Globe Santa has existed for many years and is run by "The Boston Globe." With the money that is collected, the newspaper gives toys and clothing to needy families at Christmas.

This year, Pat Nolan and Frank Anello were elected by the Student Council to organize the drive. Money was collected December 18 through the 22, during the homeroom period. Members of the Student Council Executive Board brought a total of \$509.50 to the Globe Santa Office on December 22. The Student Council wishes to thank everyone for contributing to the drive. A special commendation goes to homerooms 107 and 104 for donating the most to this worthy collection.

SPORTS

Sports

Outstanding among the characteristics most typical of the American society is an interest in and a love of sports of all kinds. For some this interest is demonstrated by active participation, but for the majority, probably, by being spectators. The fullest satisfaction lies in being part of the action, but non-participants can affect the action by their ideas. Likewise, in the process of American government, reliance, trust, and responsibility have to be given to those whom we choose to keep the wheels turning. Our greatest responsibility is to see that we actively engage in the search for the best individuals to represent us and that we see to it that they live up to their responsibilities. We must be alert to make our government serve the cause of freedom. Inactivity and resignation have no part in this plan.

The Mustangs Never Gave Up

The 1967 Norwood High School Football Team started the season off with a thrilling 41-12 win over Framingham North at Murray Field. Half-back Tom Shea rambled for 226 yards and scored 23 points. Other touchdowns were tallied by Steve Fischer, Steve Donovan, and Bill Freytag.

The Mustangs next journeyed to Wellesley and were victorious 28-20. Tom Shea had another big day by scoring 14 points. Brad Kelley scored Norwood's third touchdown. The defense was outstanding as Tom Gugliotta recovered two fumbles which resulted in touchdowns, and Rich Machado ran an interception back 40 yards for the winning score.

Norwood then went on a four-game losing streak as they lost to Braintree 28-6 with Shea scoring the lone Mustang touchdown, were upset by Framingham South 22-8 with Steve Fischer scoring, and then were swamped by Natick 26-0 and Needham 41-0.

After Norwood's worst defeat in years at the hands of the Needham Rockets, they bounced back with a 6-0 defeat of arch-rival Walpole. It was a thrilling game as the defenses of both teams controlled the game. Norwood's touchdown came on a sustained drive led by the running of Charley Kelley, Steve Fischer, and Tom Shea, with Shea scoring.

Desire and Determination

Although Norwood closed out the season with a disappointing eight wins and ten losses, the Mustangs proved that they were a stronger team than their record showed by coming up with many big upsets.

The opening of the season was dismal as Norwood lost the first four games to Needham, Natick, Braintree, and Milton. Seniors Bill Spierdowis, Norm Johnson, Phil Coakley, and Captain Steve Donovan all reached double figures in at least one of these contests.

The Mustangs got onto the win trail with three in a row over Wellesley, Framingham North, and Natick. The Natick game proved to be the upset of the season as it knocked the Redmen out of first place for the remainder of the year. Bill Spierdowis was high man as he netted 24 points, closely followed

by Junior guard Tom Gugliotta with 23. A loss to Dedham was followed quickly with another big win, this time against Braintree. The final score was close, 42-41. Captain Steve Donovan netted 13, while Bill Spierdowis was not far behind with 10.

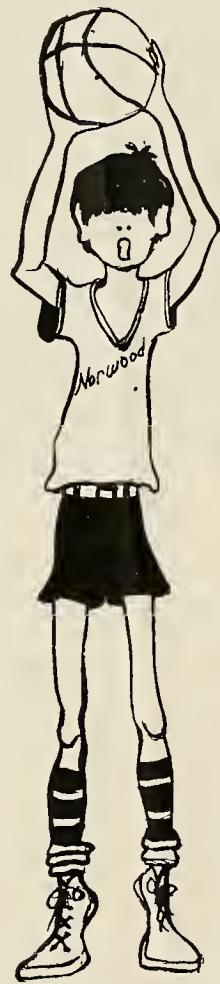

The Mustangs fell to Needham as Captain Donovan scored 25 points, but they roared back to top Framingham North. Two more losses at the hands of Wellesley and Framingham South were to come before a back-to-back series with arch-rival Walpole High School. Norwood topped the Rebels by large margins in both contests with Bill Spierdowis leading the way with 20 points in one of the games. With their record standing at 7-8, Norwood now faced a tough Milton team led by 6'10"

Wrestling Champions

This year's edition of the Norwood Mustang wrestling team compiled an outstanding 8-1 record in dual meets, which gained them a three-way tie for first place in the Bay State League with Wellesley and Needham. The team then went on to the Regionals where they captured sole possession of the Bay State League crown.

The team was led by co-captains Richard Machado and Charles Shaw and ably coached by Mr. Cullen and Mr. Bethoney.

The high point of the season was

Norwood's narrow victory over Ashland in the Regionals before a S.R.O. crowd of primarily partisan fans in the Charles A. Hayden gym. Finalists from Norwood at the Regionals were: Rich Machado, Charles Shaw, Dave Richmond, Bob Richmond, and Paul Donovan.

The Norwood grapplers have come a long way in the four short years that wrestling has been offered on an interscholastic basis at Norwood. This season, the Mustangs showed the form of true champions.

The Best of the Best

The sports highlight of this year, as every year, was hockey. Under the direction of coach Don Wheeler and assistant coach Jim Gormley, the 1968 hockey team fought its way through possibly the most thrilling season in its history; achieving the title of Bay State League Co-Champs and State Finalists.

Norwood fans were put under such unbearable emotional stress—excitement, tension, exasperation, and joy—that often the crowd was as exhausted as the team after a game.

This season saw comebacks and victories galore. Under the leadership of Captain Jack Cronin were some of the best icemen in the state; All-Star goalie Neil Higgins, whose brilliant net-tending saved many a game and earned him 32

shutouts in 3 years as well as the respect of all opponents; All-Star forward Dennis Hebner, a terror on skates, whose goliath frame made opponents think twice before they got in his path and whose clutch goals were a big reason that Norwood went to the State Finals; Bob Begley whose checking on defense and slapshot on offense provided back-up for Higgins and Hebner; Tom Shea whose hustle, desire, and speed was matched only by his strength, and fore-checking. And of course All-Star defenseman Jack Cronin himself—one of the best players to pass through Norwood High in years. He proved to be a great all-round player, who knew how to combine thinking and instinct. His

Class Will

We, the Class of Nineteen Hundred and Sixty-Eight, being of sound mind and relatively sound character, do hereby proclaim this to be our last will and testament, bequeathing our most cherished possessions acquired during the course of our four years on the Hill to the Undergraduates most deserving of the honor, and do declare all other endowments set forth in our name null and void.

Article I: To Mr. Monbouquette we leave our sincere thanks and appreciation for his understanding guidance; and we genuinely hope that someday he will find that "General Call" whom he is always paging on the intercom.

Article II: To Mr. Piccirilli we leave a scooter so he can manage to be everywhere at once to keep things running smoothly.

Article III: To Mr. Buscone we leave a Honeywell 427 computer, 300 miles of "mag" tape, 16 cartons of spare memory banks—we'll take that antique I.B.M. off his hands.

Article IV: To Miss Ryan we leave Mr. Usevich, her computer date, and a wish for success on her new publication, "101 Ways to Say Don't."

Article V: To Mrs. Riley we leave goof-proof editors for the 1969 yearbook and time and a half for overtime.

Article VI: To Mr. Fiore we leave a ripple tank with flashing psychedelic lights for his private use.

Article VII: To Mr. Nolet we present the "Most Popular Teacher Award" and an honorary membership on the Tiot board.

Article VIII: To Miss O'Sullivan and Miss McCormack we leave a Xerox machine so that they may renew their badly worn-out chapter tests of "England in Literature."

Article IX: To Mr. Kelly we leave a shocking pink piggy bank to attract the senior dues' debtors.

Article X: To Mr. Hartnett we bequeath a year's supply of colored chalk and Barbara Streisand's "People" album.

Article XI: The members of the National Honor Society leave Mrs. Coburn their prom tickets in order to provide for next year's honor society passes.

Article XII: To Miss Mulhearn we would like to donate Steve Sortevik to carry on those long corridor conversations.

Article XIII: We leave Article Thirteen to the Class of 1969. May it bring them good luck.

Article XIV: To Mr. Bonin we leave as many gory accident pictures as we can find to continue shocking his driver "ed" classes.

Article XV: The senior girls leave Miss Florence Sullivan many memories of moans, groans, giggles, and tom-foolery, and the hope that she can live without us.

Article XVI: To Mr. Usevich we leave a guarantee that we will vote for him when he runs for Senator.

Article XVII: The traffic guards return the sacred staircase to Mr. Peterson and thank him for the loan.

Article XVIII: To Mr. Phillips we leave a sweatshirt reading "hi there" on the front and "bye there" on the back, so he'll have it coming and going.

Article XIX: We leave 4-F classifications to all the young male teachers.

Article XX: To Miss Connolly and the office force we leave a fund of patience and smiles, although they never seem to run out of either.

Article XXI: To Mr. Peterson we leave the Utopia we have found. . .Friendly's on Friday night.

Article XXII: We leave one faculty romance blooming and the hope that other incipient ones continue to develop.

Article XXIII: To Mr. Wheeler and the hockey team we leave our sincere thanks for providing us with so many wonderful and exciting moments.

Article XXIV: The Tiot editors leave with sighs of relief and smiles of satisfaction.

Article XXV: To the Class of '69 we leave the challenge of finding someone to fill Steve Donovan's shoes, size 11.

Article XXVI: Victor Servello and Janine Paquette leave their posts as treasurers, richer for the experience.

Article XXVII: Neil Higgins leaves the hockey team with an empty feeling and an empty net.

Article XXVIII: Vin Lembo refuses to leave his record collection although we have begged him to do so.

Article XXIX: To the undergraduates we leave less snow and more school. They have a lot to learn.

Article XXX: To the wrestling team we leave one, strong, pulsating muscle and a down escalator to run up.

Article XXXI: Jackie Cronin leaves, having proved himself an excellent defense-man in his ability to ward off aggressive skaters and starry-eyed girls.

Article XXXII: Outside of room 146 we leave a welcome mat for a special 1968 editor if he should happen to pass by.

Article XXXIII: To the freshman class we leave a three year supply of vitamin pills, so they can grow big and strong like us.

Article XXXIV: We, the class of 1968 leave with the sneaky suspicion that we won't be missed.

In witness thereof, we have hereunto subscribed our names and affixed our seal on this seventh day of June in the Year of our Lord Nineteen Hundred and Sixty-Eight.

ADVERTISING

Advertising

In no other country in the world has advertising reached such heights, and occasionally such depths, as in our own country. It permeates the everyday life of every citizen. It is a great force for the advancement of the material benefits produced by our civilization. Freedom of the press and of other communication media is part and parcel of our other freedoms. As such, it is an integral part of our lives and quite possibly the easiest way to influence the public to take action where action is needed. To proceed from the sublime to the obvious, the editors of the yearbook hereby urge all their friends to support the businessmen who gave the TIOT some measure of needed support by their advertising through the medium of the TIOT.

Meet A Friend!

The fire fighters of this town have only one job to do. Put out fires . . . save your life . . . protect all of us from fires, explosions, natural disasters.

The fire fighter wants to be your friend.

And he hopes that all of you will treat him as a friend.

One of these days, the fire fighter may be coming to your street — to put out a fire, to save your life or the life of your children, or your parents.

THE MUSTANGS NEVER GAVE UP TRYING

(Continued from Page 190)

The Mustangs then tangled with Milton in another thriller which they won 8-6. Shea scored Norwood's touchdown in the second period with the conversion being good on a Shea to Donovan pass.

Thanksgiving Day brought 7,000 fans to Stone Park in Dedham in the pouring rain. The first half was all Norwood, as Shea scored Norwood's touchdown and Fischer bulled over for the conversion. However, the Marauders took over in the second half and won the game 14-8. Shea rambled for 133 yards in the losing effort.

The feats of Tom Shea completely overshadowed the rest of the players and understandably so. He has been one of the best backs in the state for the past two years. Outstanding also this year was the line play of Fred O'Connell, Tom Hopkins, Dave Mogan, Larry Jansen, and Mike Santospago. Defensive stalwarts were Jim David and Tom Gugliotta.

The class of 1968 salutes Coach Gulla, Co-captains Shea and Santospago, and the entire team. They deserved a better fate.

DESIRE AND DETERMINATION

(Continued from Page 191)

center Larry Kettvirtis. Although he scored 45 points in the game, Norwood won on the strength of fine performances from Phil Coakley, Paul Wysocki, and Norm Johnson. They netted 32, 12, and 14 points respectively in the game. Coakley's 32 points was high for one game all year.

The season ended poorly with losses to Dedham and Framingham South. Bill Spierdowis, Paul Wysocki, and Phil Coakley all hit double figures in one of these games.

Senior Bill Spierdowis was the season's high scorer with a 13 point average. He was named to the Bay State League All-Star Team.

THE BEST OF THE BEST

(Continued from Page 197)

hustling, along with that of Hebner, earned them places on the Tournament All-Star Team. Leo McInerney, Dick Donovan, Tom Taylor, John Ranalli, and Gary Sortevik rounded out this fine team.

Perhaps the most excitement came during the State Tournament where Norwood battled all the way down to the Finals. There was the 4-0 bombing of previously unbeaten Falmouth, and the great goal-tending of Higgins as Norwood edged by Hingham 1-0 on Donovan's score.

Anyone who saw the last game probably spent the most harrowing 2:28 seconds of his life as Norwood trailed by a score of 3-1 when Coach Wheeler on a daring move pulled goalie Higgins. The Norwood side erupted as the big form of Hebner pushed in one goal, then a second to tie up the game with 14 seconds remaining. In overtime, however, Norwood's fans were horrified to see a Number 7 jersey break through our defense and put the puck by Neil for the winning Arlington goal.

In spite of all this team will be Number 1 with us forever.

Andy may be captain but he doesn't rule the roost!

We wish to take this opportunity to thank the sponsors and advertisers who have helped finance this yearbook. At the same time, we wish to suggest to our fellow classmates and to all our friends who read this book that they patronize the stores listed in our advertising. Yearbook advertising may reach a more limited audience than newspaper advertising, but it is much more permanent and much more handsomely displayed, and it will be read through the years by all of us who cherish this souvenir of happy high school days.

INVOCATION — Rev. Nifon Abraham

God of our fathers, whose almighty hand
Leads forth in beauty all the starry band
Of shining worlds in splendor thro' the skies,
Our grateful songs before Thy throne arise.

Thy love divine hath led us in the past
In this free land by Thee our lot is cast;
Be Thou our Ruler, Guardian, Guide and Stay,
Thy word our law, Thy paths our chosen way. Amen

ADDRESS — Senior Scholar — Carol H. Paciorkowski

Born free, as free as the wind blows,
as free as the grass grows, born free to follow your heart.
Live free, and beauty surrounds you,
the world still astounds you, each time you look at a star.
Stay free, where no walls divide you,
you're free as a roaring tide, so there's no need to hide.
Born free, and life is worth living,
but only worth living 'cause you're born free.
